

THE DARENTH SENIORS WINTER RULES (w.e.f. 24/10/23)

When a player's ball lies in any part of the general area cut to fairway height or less (ie fairways or mown green surrounds), the player may, having first marked the position of his ball, lift his ball, clean it, and replace it, **once**, within six inches of the original ball position, no nearer to the hole.

w.e.f. 20/11/23: Preferred lies now extended to any area of general play. Procedure as above. Relief six inches, NOT club length. (Not intended as a get out of jail card!)
